Chasers/Burlington, N	orth, Carolina		Band Direc	ctories Copyright 2005
Brief Description	Early Burlington, North Carolina group who contributed a cut that is found on Disk # 11 of the compilation series. It's white soul a-go-go with The Chasers "Without My Girl", from late 1968. The Mark V production is built around a B-3 Hammond organ drone that hovers like a dense fog, with nice horns fleshing out the whole affair. Lead vocalist Tom Collins excels.
